

Non-Dutch diplomas equivalent to the Dutch VWO diploma 2026-2027

If you have a non-Dutch diploma, Maastricht University needs to assess whether this diploma is equivalent to the Dutch pre-university education (VWO diploma). The UM Admissions department has drawn up a list of the most common non-Dutch diplomas that meet the minimum admission requirements.

Important notes:

- ⦿ Maastricht University reserves the right to give a binding judgement regarding your prior education.
- ⦿ Diplomas not listed will be assessed individually.
- ⦿ Your request for admission with a foreign diploma will only be considered after you have submitted a complete online application, including uploading all required documents in the MyApplication portal and paying the handling fee if this is required.
- ⦿ In case your secondary school offers a combination of general/academic subjects and vocational subjects we will assess your application individually. It is important to note that your curriculum should be predominantly academic; this means that the curriculum must contain more academic subjects than vocational subjects.
- ⦿ Maastricht University does not accept equivalency statements. Applications will be assessed based on the curriculum as followed in the final two years of your secondary education.
- ⦿ Maastricht University does not accept Foundation Programmes.
